Classic Mediterranean design inspires the scale, shapes and decoration of this table collection. Heroic dimensions, the look of loving hand-crafted details, and a choice of wood, or Romarco simulated slate tops, all speak the romance of Spanish-Moorish cultures. Decoration includes recessed paneling with die-cut overlays, and stunning bail pulls. Truly MEDITERRANEAN CLASSICS, these tables are in rich pecky pecan veneers and solids, with medium brown finish. Each design — a connoisseur's delight.
